AGGREEMENT FOR PETS

I, \_\_\_\_\_, take full responsibility for any damage or complaints caused by my pet. I will not allow the animal in public areas or on others resident's yards. When I am outside, I will keep my pet on a leash at all times. My yard will be kept free of odor and feces. I will not pen or leave the pet tied outside. At no time will I board pets for others. I understand that the pet must not exceed **40 lbs** at maturity, and that the dogs must have current shots and tags. If management receives three (3) written complaints proving the animal to be a nuisance to other residents of the community, I agree to remove the pet from the community within ten (10) days after receiving notice from management. I also agree that if management has sent me more than two notices in a 12 month period of time regarding my pet and rule violation, I will also remove the pet from the community.
